

M&R Facilities Management Ltd

Mission Statement

"To achieve extraordinary customer satisfaction by providing managed contract services to world class standards of capability and performance. We shall continue to retain profits to invest in people, technology and systems so that we meet consistently our commitment to company policies and maintain our status as a preferred supplier to all our clients."

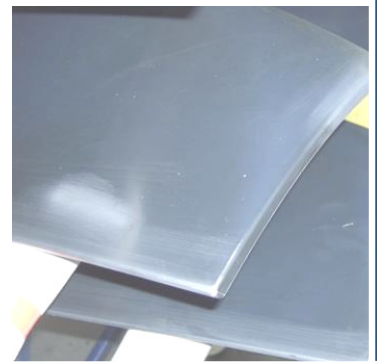

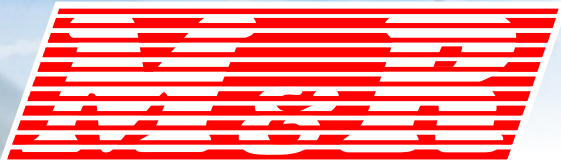

Our business, **Your Potential**

As our **core competence** is focussed around your maintenance needs, we can effectively **help** you to **separate** your maintenance needs from your production processes...

...leaving you to focus on **your core competence**
